DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 1-14.

Claims 1-14 were elected without traverse in Paper dated 4/27/05.

Allowable Subject Matter

Claims 15-20 are allowed.

The following is an examiner's statement of reasons for allowance:

Prior art of record fails to teach "calculating from the amount of etching in each of the p-type regions, an amount of charge caused by the specified process in the apparatus for evaluating an amount of charge" in combination with the limitations of claim 15 as recited. Consequently, claim 15 is allowed. Moreover, claims 16-20 act only to further narrow the allowable subject matter of claim 15 and are therefore also determined to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
